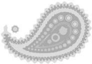
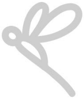
beauty in you

# Logo idea

Woman



National pattern



Dragonfly

The Munis brand has challenged people to reality, as any person can be more unique with a little makeup and luxury clothing. But the Munis brand communicates to women: "You can always be a beautiful woman without such a product, because the real beauty is in you, in your heart." Dragonfly can also be compared to a woman's heart. and accesories will also be a nice dent.
